

Making a Map of Jerusalem

Using wood blocks, Legos, building blocks, or just drawing on some paper, make a model or map of Jerusalem using the following as a guide. Follow Jesus' journey throughout the week.

1. Road leading into Jerusalem by the temple that was likely the road Jesus took in on Palm Sunday.

2. The Temple. This is where Jesus overturns the tables of the money changers on Holy Monday, and where he preaches to the people on Holy Tuesday.

3. The upper room. This is where Jesus has the Last Supper, where he appears to his disciples after he rises, and where the Pentecost happens.

4. The Garden Of Gethsemane- Where Jesus prays all night long the night of Holy Thursday, also know as “The Agony In The Garden.” The mount of olives is over to the right of this area.

5. House Of Caiaphas- Jesus was brought before the high priest, Caiaphas, after being seized in the garden. He stays here until sunrise.

6. Fort Antonia- this is the highest tower in Jerusalem, it's built into the wall, and it's where Pilate stays. This is where Jesus is scourged, and sentenced to death.

7. Palace of Herod- Jesus is sent from Pilate over to King Herod, but Herod sends him back to Pilate over at Fort Antonia. This is when he's sentenced to death.

8. Via Dolorosa- This is the way of the cross, the road on which Jesus carried his cross from Fort Antonia to Golgotha (the hill at Calvary).

9. Golgotha / Calvary- this is where Jesus is crucified.

10. The Tomb- Where Jesus is buried and where he raises from the dead.

11. The Road that leads to Emmaus- this is where the disciples are walking, and the risen Lord appears to them, but they do not recognize him until they read Emmaus and Jesus breaks the bread.

12. The Wall Around Jerusalem

13. Siloam Pool- The city's main source of water, and where Jesus has the blind man wash his face.

14. Road To Bethlehem

15. Lower City- This is where the poor people lived. The houses are small and close together.

16. Upper City- Around the palace is where the rich people lived. The houses are bigger and farther apart.
